2009 FINANCIAL POLICY

Payment is due at the time of service.

For our privately or commercially insured patients:

We will gladly submit claims to all insurance carriers. You will be responsible for any difference between fees charged and the benefits paid by your insurance company. If no compensation is dispensed from the insurance company within 30 days of filing, the balance will revert to the patient. Please remember any difference between estimates given by this office or your insurance company and the final payment amount will be adjusted accordingly. Any changes in your insurance policy must be reported to the office to ensure trouble free billing.

For our patients without private or commercial insurance:

We accept cash, check and major credit cards. Financing for treatment is an option. This office has partnered with Care Credit. We can assist in the application for a payment arrangement having several options including a 12 month payment plan offering no interest fees. Please see our staff for more information about this program.

Outstanding balances past 30 days are subject to a 5% finance charge and in the event of default the patient will pay reasonable collection charges and/or attorney fees.

There is a \$50.00 cancellation fee for any broken appointment without 24 hours prior notice.

I have read and understand the information regarding the financial policy for the office of J. David Alachnowicz DDS PC.
